

IEEE Conference on Engineering Informatics

Sponsored By

SWINBURNE UNIVERSITY OF TECHNOLOGY

# IEEE Conference on Engineering Informatics 2023

Focuses on emerging fields such as Extended Reality, Industrial IoT, and the Metaverse, combining both Industry 4.0 and Industry 5.0.

## Areas of Interest

- Metaverse
- Standards on Metaverse
- Digital design and manufacturing
- Industrial Internet of Things (IIOT)
- Big data
- Augmented Reality (AR) & Virtual Reality (VR)
- Industry 4.0 & Industry 5.0
- Quantum Artificial Intelligence
- Machine learning & Deep learning
- Human-Computer Interface (HCI)
- Digital Construction
- Critical Infrastructure
- Digital Engineering
- Transportation and Automotive

**Date : 22-23 Nov 2023**

**Venue : Swinburne**

**University of Technology**

**Location : Hawthorn, Victoria, Australia**

Scan to Register

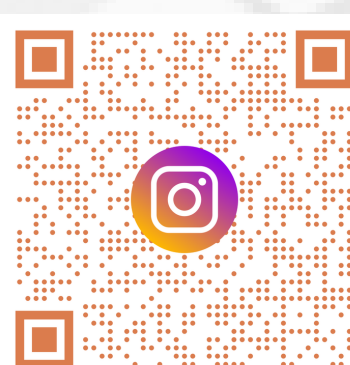

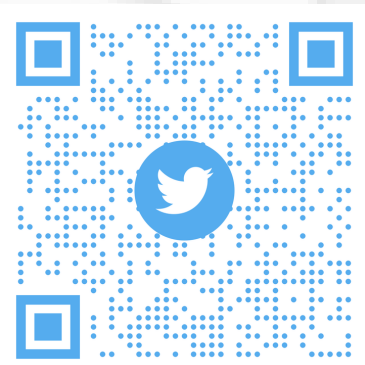

## DEADLINES

**30 June 2023** Super early bird registration

**31 August 2023:** Early bird registration

**31 October 2023:** Author Registration deadline
